

Sunstone
Eduversity

India's Only B-School

THAT INVESTS IN YOU

WE TAKE 100% RESPONSIBILITY
OF YOUR CAREER

Vision

To become a pioneer in creating industry-ready professionals who will meet the dynamic expectations of the business world.

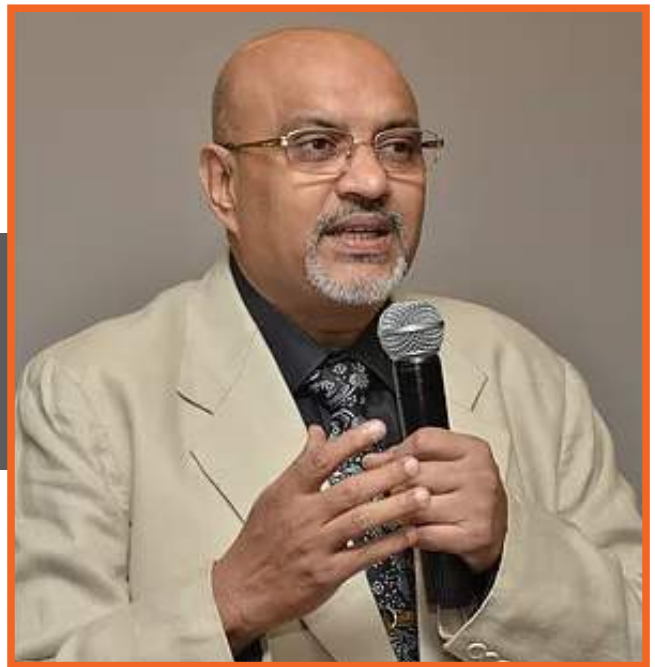

Mission

To continuously upgrade our teaching methodology and deliver quality education leveraging the latest technology to help the students achieve corporate excellence.

To equip the students with relevant industry-oriented knowledge and skills which will make them proficient in contributing to an organizations success right from the beginning.

Message from the Academic Director

“Accountable for your career and turning you into an industry-ready professional”

It gives me immense pleasure to introduce you to India's only B-School offering Pay after Placement postgraduate management programs, where we make our students industry-ready and take complete responsibility of their career. At Sunstone Eduversity, we charge the course fee only after placing our students in a well-paying job. By working on Pay after Placement framework, we aim to share their financial burden and mitigate the risk associated with the financial investment that they make in gaining the postgraduate management education.

Throughout my corporate journey, I observed that management professionals and graduates lack significant skills and job readiness due to a wide gap between academia and industry requirements. With the growing awareness about the complexity of the modern business, the demand for management graduates, with a high level of domain knowledge and core competencies, was the need of the hour. With an intent to make students industry-ready, Sunstone Eduversity was launched to successfully align the management education with the rapidly growing industry.

Right from its inception in 2015, Sunstone Eduversity has disrupted the higher management education space in India with its Pay after Placement industry accorded programs. The best-in-league faculty and business world leaders deliver the course focusing on student-centric learning and inculcating in them the strong analytical, logical and decision-making skills. The program curriculum is remodelled at regular intervals to make it more relevant and meet the industry expectations.

The program is challenging that will impel the students to learn the fundamentals of management and specialize in the field of their choice. During our 15-month classroom learning and 9-month paid internship, students develop core management and technical skills and get ample corporate exposure, which is needed to excel in the global industry.

Our great working relationship and association with distinguished corporates and industry veterans help us train our students with company-specific skills which makes them competent to take on their job responsibilities immediately on joining. This way, students gain the confidence to take on the everyday work challenges and add value to their organizations.

I hereby invite all the management aspirants to join Sunstone Eduversity to accelerate their career.

Dr. Atul Sharma
Academic Director
Sunstone Eduversity

ABOUT US

Sunstone Eduversity was established in 2015 with a vision to bring about a paradigm shift in the Indian higher management education by working on Pay after Placement concept, where we take the course fee only after our students get placed in a well-paying job. Our strength lies in developing intellectuals through our innovative technology-led, student-oriented teaching methodology. This is strongly backed by industry linkages with experience in cross-cultural management domains.

We tie-up with various colleges and management institutes to provide our students with state-of-the-art infrastructure, superior amenities and an excellent learning environment. At our campuses, we provide an all-round education, layered between academics and co-curricular activities. We are highly focused on creating an ethical and knowledge-centric culture that values outstanding academic excellence and training.

Our students are well accepted in the industry and this is reflected by the large number of companies which visit our campuses for placements every year. Our alumni have done extremely well, with many in top management and leadership roles across various industries.

INDUSTRY INTEGRATED MANAGEMENT PROGRAMS

Pay after Placement guaranteeing
career accountability & 100% placement

Curriculum delivered
through technology-enabled pedagogy

Specializations designed to develop
Industry-ready professionals

Dual specializations offered
to gain niche skills

Focused on making you
a competent corporate professional

***“Transform yourself from
a Dreamer to Achiever”***

Sunstone Eduversity recognized the need for professional managers who can thrive on virtues of discipline, sincerity, regularity and academic excellence. It partners with several universities and colleges to deliver UGC and AICTE approved postgraduate management programs, designed to impart fundamentals of management by leveraging modern-day technology.

The two year, full-time industry-oriented management programs are taught in an interactive environment. The curriculum of the programs is remodelled at regular intervals to make it more relevant and to meet industry expectations. These programs equip the students with the requisite expertise to tackle everyday business problems and build competencies needed to transform their career.

WHY SUNSTONE?

Learn as per Industry Expectations

Sunstone Eduversity works very closely with the industry and actively seeks the participation of corporate leaders in designing the program curriculum. This also helps us in keeping our course content relevant and in-line with industry expectations. We offer a wide range of electives across different management fields which allows students to gain in-depth knowledge in their areas of interest.

Pay after Placement

Sunstone Eduversity offers India's only 'Pay after Placement' postgraduate management program, where we first place our students in well-paying jobs and then charge the course fee, equal to 10 times of their monthly salary. This way, we share the financial burden of our students and give them an opportunity to pay the course fee on their own.

Best ROI Program

The return on financial investment in this program is best in industry. With a minimal investment at the time of admission and earning a significant amount of stipend during the 9-month paid internship, it becomes India's only management program offering a 100-percent plus Return on Investment (ROI).

Star Faculty

Faculty at Sunstone Eduversity is an excellent blend of industry experts, top-level management personalities of renowned companies and academicians having rich experience. They equip the students with much-needed management skills and mould them to succeed at a global stage.

Deep Industry Connect

Sunstone Eduversity acts as an interface between the students and the business world. Interactive sessions are held where prominent experts and heads of esteemed companies are invited to share their journey and industry experience. Our students get opportunities to gain hands-on corporate experience and work on live projects due to these industry linkages.

State-of-the-art Curriculum Delivery

Our specialized academic programs are delivered by experienced faculty and industry leaders through tech-enabled classrooms across all campuses. Technology enables us to maintain uniformity in the classroom training across all locations and the students get to learn from the best faculty and industry leaders available for the subject around the globe.

Technology-led Personalized Micro-assessment

The students' academic performance and skill development is regularly assessed at Sunstone Eduversity. Each of the student is personally and systematically evaluated leveraging technology via examinations, class tests, viva, quizzes, case discussions, presentations, assignments and projects etc.

Personality Development

Sunstone Eduversity focuses on ingraining key values and ethics in the students along with honing their soft skills, enhancing confidence, overall grooming and personality development. Various sessions are held on business etiquettes, negotiation skills, leadership, teamwork and effective communication for their evolvement.

PAY AFTER PLACEMENT

Sunstone Eduversity has pioneered a new concept "Pay after Placement" concerning the fee structure of the course. We take complete accountability of our student's career and invest in their future by offering Pay after Placement. We share their financial burden and mitigate the financial risk by charging the course fee only after they are placed in a well-paying job.

We have immense confidence in our faculty, pedagogy, and deep industry connect that helps us groom our students to be industry-ready. Sunstone Eduversity aspires to provide its students with the most relevant and contemporary management education that is in sync with the dynamic industry requirements. This way, they are easily absorbed and contribute to an organizations success from the very beginning.

Benefits of Pay after Placement

We take complete Responsibility of your Career

Maximizes the Return on Investment (ROI) for you

Makes us Accountable for your Career Growth

Makes you Financially Independent

Reduces your Financial Risk

OUR PROMINENT RECRUITERS

Sairee Chahal
Founder & CEO, Sheroes

“Sunstone Eduversity is highly professional and exceeds our expectations in terms of understanding our requirements. The students we recruit are dependable and possess the requisite technical and management skills. I find positive energy and ideas flowing, the students give a fresh & analytical perspective towards the tasks entrusted on them.”

Sharad Agrawal
Executive Vice President, Godfrey Phillips

“The best part about hiring from Sunstone Eduversity is that we get trained interns. They are ready to hit the floor on the same day of joining. Also, the roll-over of interns to FTEs helps us continue with the trained graduates without any disruption of daily workflow.”

Gazal Kalra
Co-Founder, Rivigo

“We see Sunstone Eduversity as a game changer, providing candidates with excellent work ethics and who can hit the ground running. Also, they are highly disciplined, well-groomed and extremely professional. They have corporate ethics imbibed deeply in them which most other students lack these days.”

Dr. Shuchin Bajaj
Co-Founder, Cygnus Healthcare

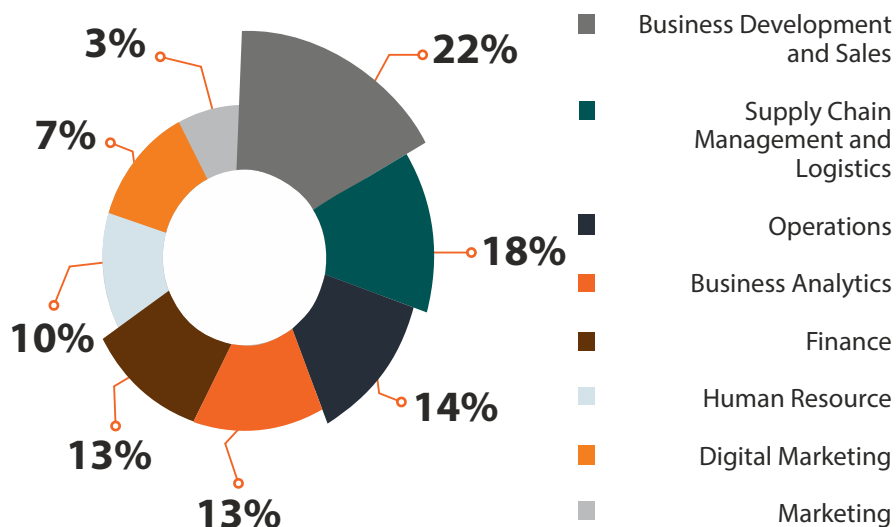

“The students of Sunstone Eduversity can independently run the show and multitask if needed. Every year, we look forward to visit the Sunstone Eduversity campus and pick up great talent. They are our “go-to” platform for all hiring needs.”

PLACEMENTS

The real proof of the quality management education delivered by Sunstone Eduversity and its effectiveness lies in the acceptance of its students in the industry. The consistent and stellar placement record of Sunstone Eduversity is a result of the extraordinary exposure and experience that students get in our classrooms. Due to our strong industry-aligned management courses, recruiters have always preferred hiring fresh talent from our campuses.

The placement scenario at Sunstone Eduversity has been extremely positive with a lot of our students having pre-placement offers. Till date, we have had a 100% placement record for all batches and our students have been placed in reputed firms and companies across various domains, such as Banking, Consulting, KPOs, IT, Telecom, Media, Retail, Real Estate, FMCG, Logistics, Hospitality, Durables, Manufacturing & other sectors.

ALUMNI SPEAK

The truest worth of Sunstone Eduversity can only be gauged by the success, significant contributions made and heights attained by its Alumni. Our students have made us proud time and again by not only creating a niche for themselves in the corporate world but also by serving as our brand ambassadors in the industry. The current and prospective students get regular guidance and are benefited by being well-connected with the Alumni.

Mahima Gaur (2014-16)
Placed in ShopClues

“I credit Sunstone Eduversity for my placement at ShopClues, job promotions and other corporate achievements. To tackle day-to-day challenges and survive in this dynamic industry, I utilize the industry-integrated skills, business acumen, and problem-solving attitude learned during the program.”

Ashish Sanwal (2014-16)
Placed in Ceasefire Industries

“I utilize many of my classroom learnings in my everyday work life. My managerial proficiency is valued and acknowledged by the employers, both financially and professionally. I simply couldn't ask for more than what I gained from the Sunstone Eduversity management program.”

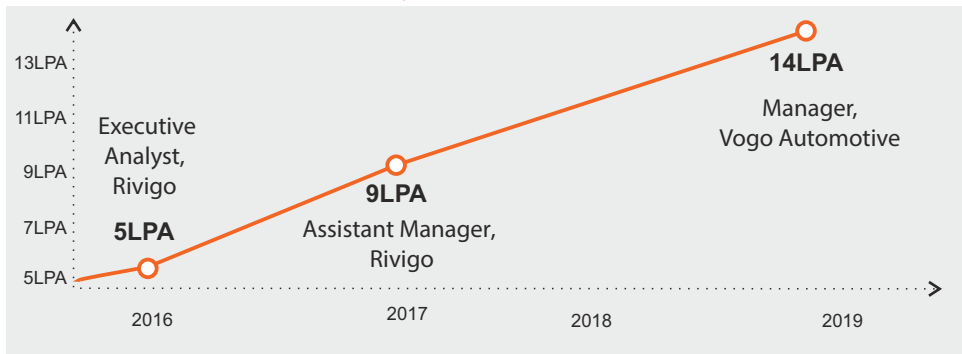

Atanu Das (2016-18)

Placed in Fusion BPO Services

“Initially, I was skeptical about Pay after Placement as it was new and unheard in India, but I took the leap of faith and joined Sunstone Eduversity. Here, I, not only became industry-ready but was able to independently finance my postgraduation by paying the course fee only after getting a job at Fusion BPO Services.”

“I was nurtured to be an efficient corporate professional at Sunstone Eduversity. The distinctive pedagogy and hands-on-industry experience instilled in me the relevant skills, essential to fast-track my way up the corporate ladder. Also, I can't say enough about the ongoing support I still receive from the faculty and associated experts when I reach out to them for advice or opinion.”

Abhishek Paira (2014-16)

Placed in Vogo Automotive

Sumit Satyendra (2016-18)

Placed in Byju's

“Being a student of the Sunstone Eduversity has been greatly rewarding. I am thankful for the pay after placement fee structure as the management course offered the best ROI and paid for itself within a few months after I was placed in a well-paying job. I deployed the equipped skills and learnings from day 1 of my job and still continue to do so.”

Sawmya Kanuganti (2016-18)

Placed in Zomato

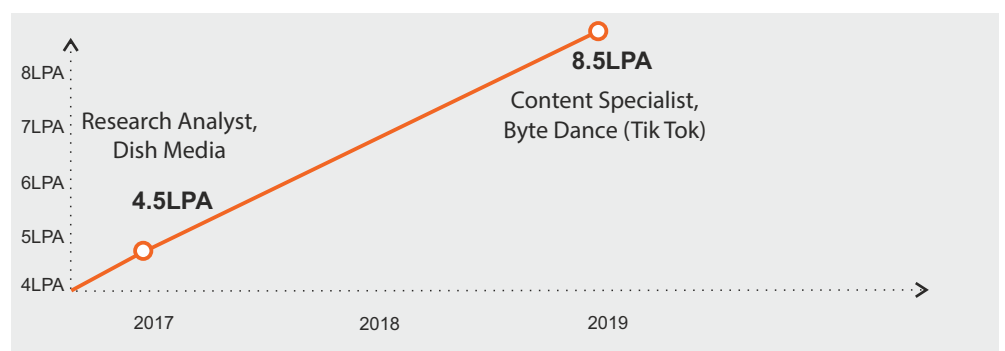

“Joining Sunstone Eduversity has been one of the best decisions that I ever made. It was instrumental in my successful career transition from an engineering graduate to a competent management consultant. The industry-synched education gained there still helps me in staying at the top of my game.”

Revanasiddayya Hiremath (2015-17)

Placed in Byte Dance (Tik Tok)

“Living by its motto, Sunstone Eduversity made me industry-ready by equipping me with corporate excellence and skill set applicable to diverse career paths. I was taught industry-relevant business concepts supported by technology, which helped in accelerating my career.”

Sai Mahesh (2014-16)

Placed in DHL

“Sunstone Eduversity was a fantastic experience during which I built a key network of friends and professionals. The management program not only helped me to tread on the right career path but it still continues to open opportunities both professionally and personally.”

ADMISSIONS

Boost your career with the best Management Program

We are inviting applications from students who are looking to leap forward in their intellectual and professional journey. Admission to our programs will be granted on the basis of management entrance test percentile, Sunstone Eduversity Admission Test and academic record. We give credits to your achievements so far and your potential to take up a responsible and managerial leadership role in an organization.

Eligibility Criteria

- Graduates with minimum 50% marks (45% for SC/ST category) or an equivalent CGPA in any discipline from a recognized university.
- Students currently in their final year of graduation can also apply. In that case, the admission offered will be provisional.
- Students must have appeared in any one of the following entrance exams - CAT, MAT, CMAT, ATMA and State Entrances.

Program Fee

Sunstone Eduversity works on "Pay after Placement" concept, where the students are required to pay the tuition fee on completion of the course and after getting placed in a well-paying job.

Admission Process

1

Submit Application Form

Visit our website and fill the application form. Submit the required details along with supporting documents.

2

Appear for Admission Test

After filling the application form, you are required to appear for Sunstone Eduversity Admissions Test (S.E.A.T).

3

Application Review

Your application along with your S.E.A.T score will be reviewed by the admissions committee. The decision of your application acceptance/rejection will be communicated to you.

4

Personal Interview

Based on the acceptance of your application, a personal interview shall be arranged. During the interview, your aptitude will be assessed, aligned with your motivations to pursue a management degree.

5

Admission Status

Admissions committee will communicate the decision regarding your admission status. Successful candidates will be required to accept the admission offer and confirm their seat within the given timeline.

Time to reboot education

Majority of the country's MBAs have little or no understanding of the most elementary management concepts, says ASHISH MUNJAL

Is our Academic Curriculum making us Employable?

The current academic curriculum is making very few graduates employable thus giving rise to the need of reshaping the existing curriculum

Unanimously we all agree that what we learn in our academics has little or nothing to offer in delivering our professional responsibilities. So much so that, we often may question ourselves how much weight the curriculum carries in providing a suitable career opportunity. The solution is to select a job-relevant course.

'Sunstone' Bridging The Skill-Set Gap

Exclusive interaction of Ashish Munjal, CEO and Co-founder, Sunstone Eduversity with BW.

How is Sunstone creating industry ready professionals?

Sunstone is an academic institution that ties up with AICTE approved colleges and runs their PGDM program. The program is designed and managed by the industry. Students at Sunstone are imparted with the desired skill sets that are in sync with the corporate environment and are given practical training on various corporate domains that exist in an organization. The program delivery works on a unique pedagogy using the latest technology for curriculum delivery. The 2-year duration of the PGDM includes a 9 month long paid internship. The students benefit from the internship through hands-on job experience that allows them to be productive when they join an organization. The PGDM course is robust, dynamic and continuously updated as industry requirements change and evolve.
