INFORMATION
BOOKLET 2021

about RISHIHOOD

The name Rishihood signifies the state of being a Rishi and is derived from Swami Vivekananda's inspirational discourse.

Swami Vivekananda is the philosophical mentor to Rishihood University. His ideas motivate us to conceive a paradigm of education where we prepare 'Rishis' – individuals who become a blessing to mankind through their thoughts and actions.

Rishihood is an impact university. We believe in an 'ecosystem' approach to learning rather than isolated training and research. Our learning environment inspires people to contribute to society in a positive way and achieve 'rishihood'.

message from THE CHANCELLOR

Nations are built over centuries. Similarly, institutions are built over decades. India's role in a 21st-century world is that of immense responsibility and it is our duty to align the objectives of our institutions to the larger vision of the nation.

Rishihood University is founded on the principles of social impact & development. As an institution, our focus is on high impact areas such as entrepreneurship, healthcare, creativity, education, and leadership.

India's spiritual wisdom provides solutions to many of the pressing problems of today

such as sustainability, mental health, global peace, and harmony. As the name signifies, our objective is to inspire the students, faculty, and the community to reach 'Rishihood', the state of being a Rishi. Passionate and conscious individuals can create prosperous and harmonious societies.

I am delighted to support this mission as the founding Chancellor. Rishihood University and I invite you to join hands towards this cause.

Suresh Prabhu
Member of Parliament, Rajya Sabha & G20 Sherpa
Former Cabinet Minister, Government of India
Chancellor, Rishihood University

message from THE VICE CHANCELLOR

Today we live in a very complex world that has experienced an explosion in knowledge, but not in growth in understanding; a world in which people have lost trust in their leaders and faith in their institutions; it's a world that has developed amazing technologies, but has isolated humans, leaving them with a feeling of life without purpose and or even the value of human endeavor.

Rishihood University is uniquely positioned to answer these questions and train students to live in such a world and to find better solutions to everyday problems. We as a university are committed to the discovery

and transmission of knowledge in a setting of our cultural and sociological heritage as a nation. We take pride in giving our students a global experience. Faculty members at Rishihood University work directly with students to help them succeed in their studies, through teaching and learning, mentorship, personal support, and supervision. We envision that our team of faculty, students, and alumni become agents of change in the times to come.

Prof. (Dr) Kamlesh Misra
PhD., Northeastern University, Boston
Vice Chancellor, Rishihood University

message from CEO

Rishihood is a thoughtful experiment to reimagine higher education. By building an ecosystem of impact, we are enabling our students, faculty, and the larger society to pursue their passion. Our joyful learning environment helps the students find their purpose and strive towards excellence.

Our objective is a larger reform in our education system. We work with K12 students so that they can move into higher education with more confidence. Similarly, we work with professionals to upskill and reskill them because learning

is a lifelong process. Our faculty members design the curriculum such that the learning outcomes are interdisciplinary. Further, we engage with fellow institutions, the industry, community organizations, international and national partners so that our people participate in a meaningful learning ecosystem.

vision

OUR PLAN FOR
THE 21ST CENTURY

2020-2030

ORGANIZATIONAL ESTABLISHMENT

- Develop the learning model
- Create a culture of excellence
- Build a passion for impact

2030-2040

BRAND ACCEPTANCE

- National appreciation of Rishihood
- Alumni achieve professional success

2040-2050

INSTITUTION OF IMPACT

- An institutional benchmark for India
- Visible impact in society
- Alumni become role models

2050-2060

MAGNET FOR EXCELLENCE

- A place for the best to pursue their passion

2060-2080

GLOBAL INFLUENCER

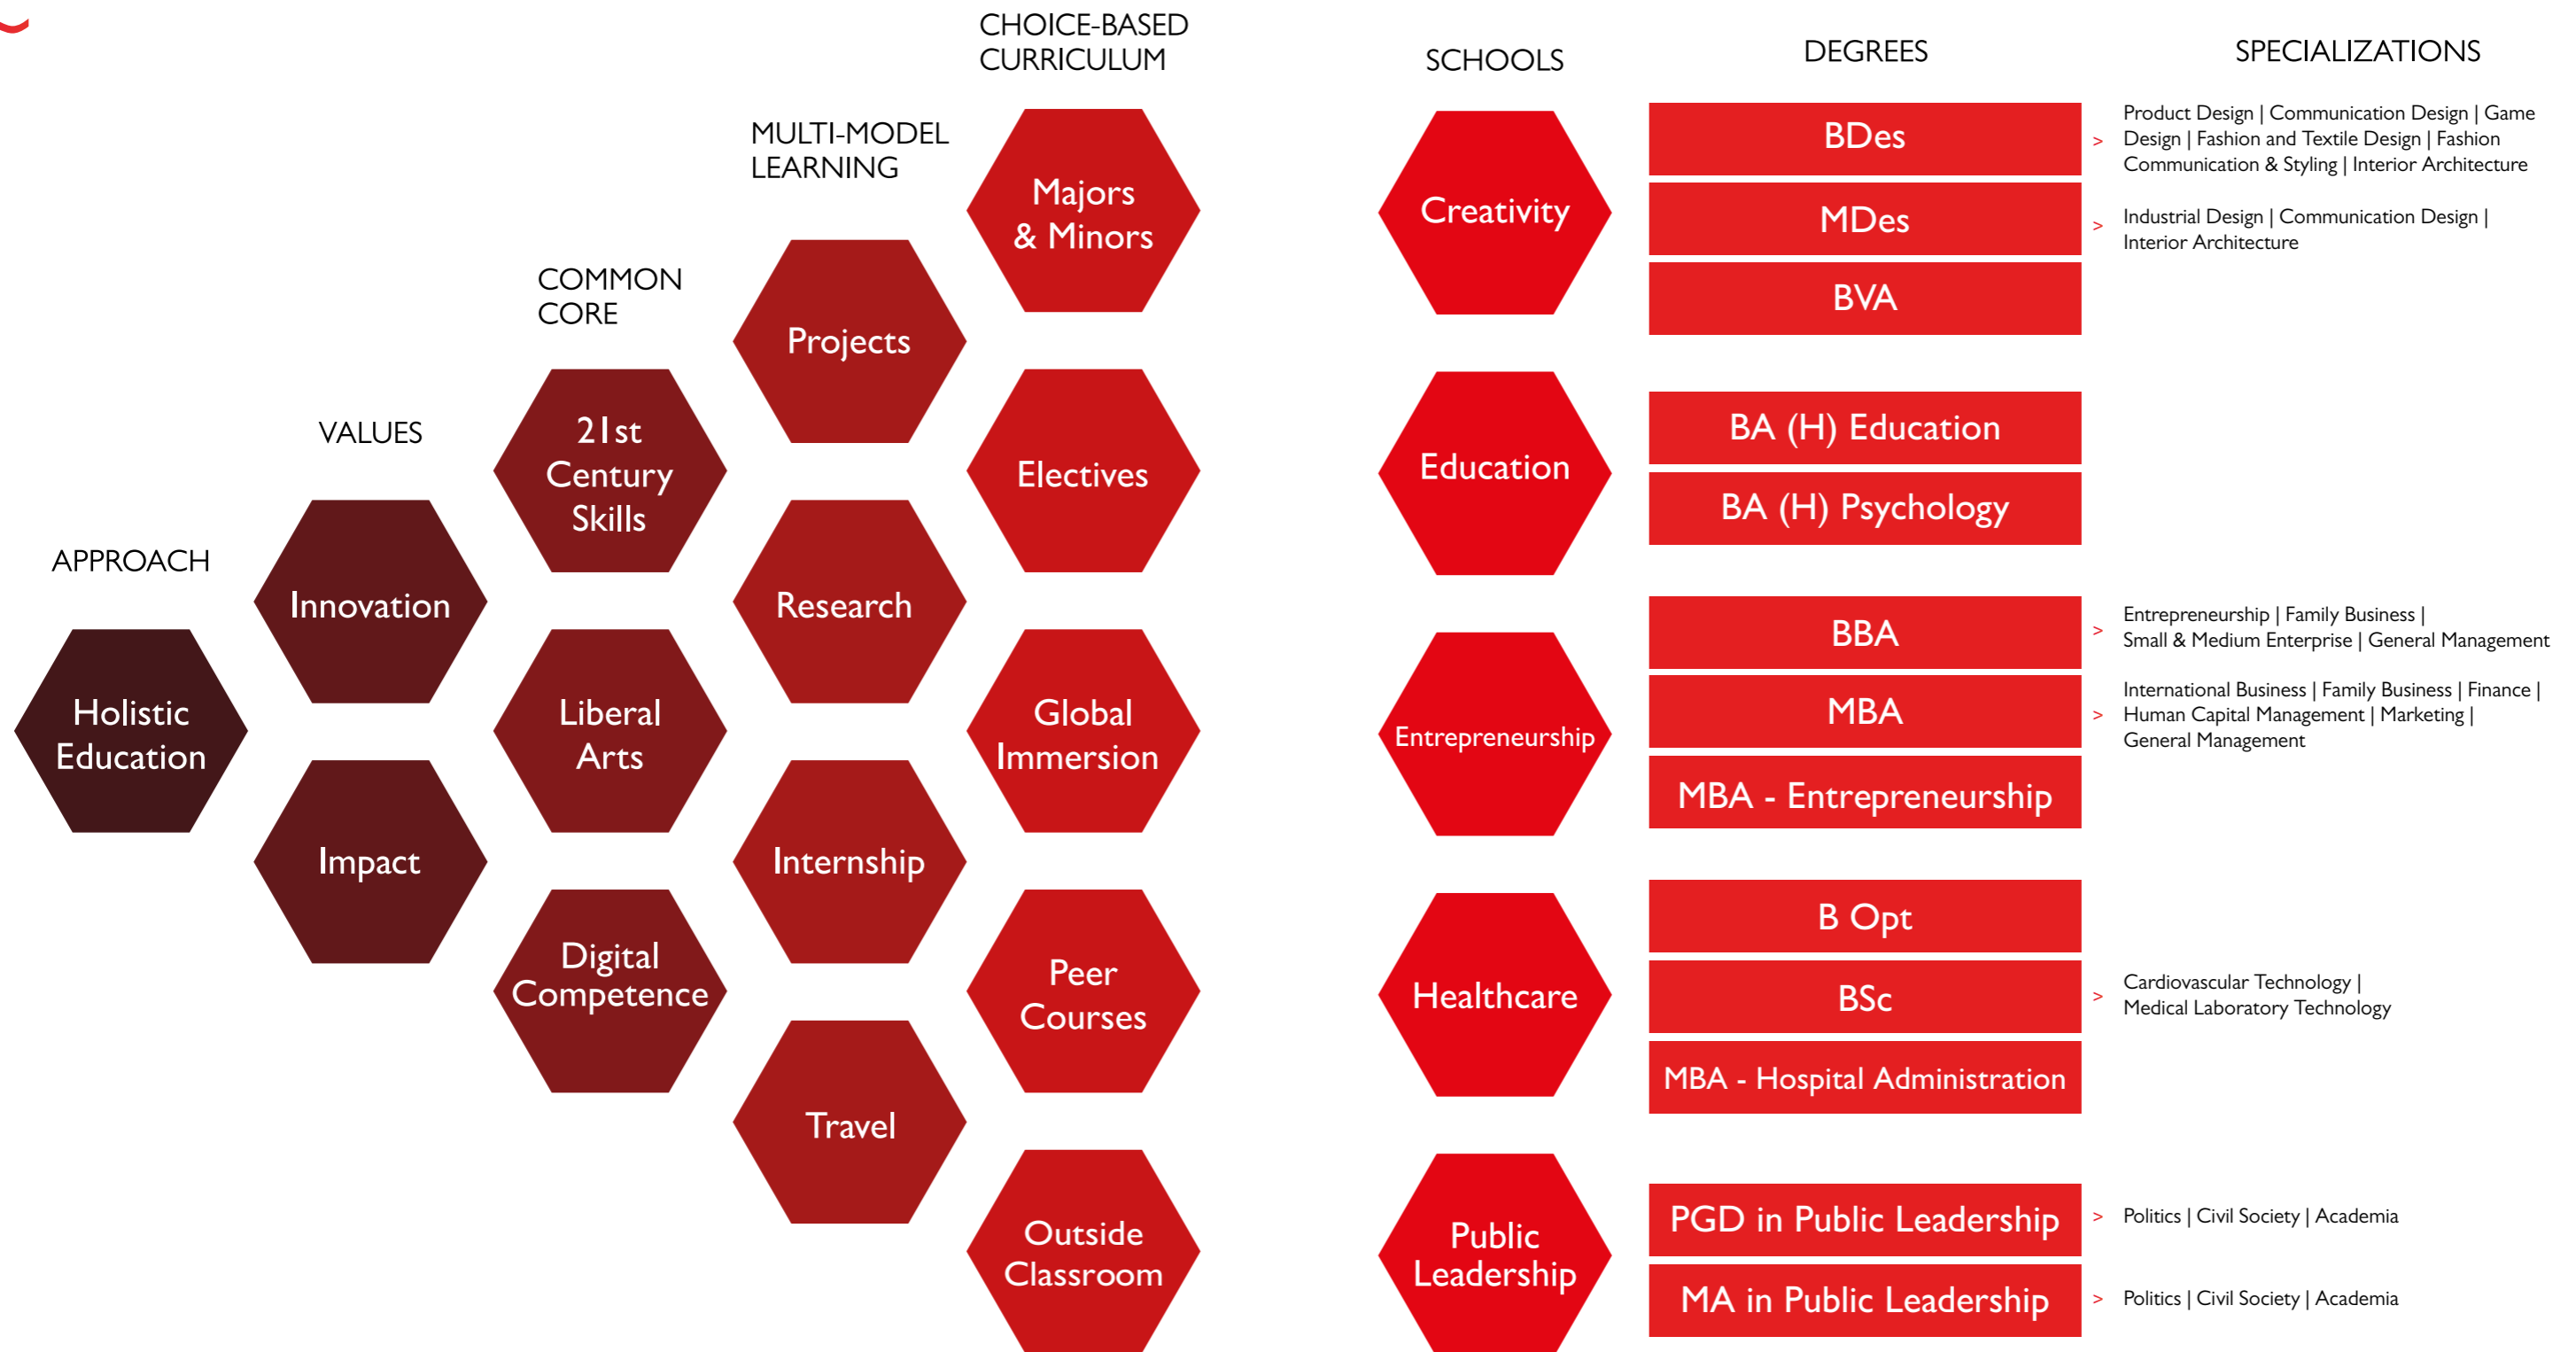

- Global recognition and admiration
- Fountainhead and discourse builder

2080-2100

MACRO IMPACT

- Evolution in humankind's pursuits
- Achieving 'Rishihood' becomes an aspiration

general education, majors and specializations

BREADTH & DEPTH

Our curriculum and teaching ensures that the students get a wide breadth of exposure while training them to go into depth in the area of their interest.

CHOICE-BASED

Students choose which subjects they want to study, what kind of projects and internships they want to do, and build their own combination of majors and minors.

NEW EDUCATION POLICY

Rishihood not only meets the NEP 2020 guidelines, but exceeds it to prepare students for the 21st century.

impact INITIATIVES

RESEARCHER'S HOME

It is well-accepted that academic research has contributed enormously to find solutions to many problems faced by our society and industries. The need for sharing knowledge between research institutions and industry has become increasingly evident. In view of this, Rishihood University has established the Researcher's Home on its campus.

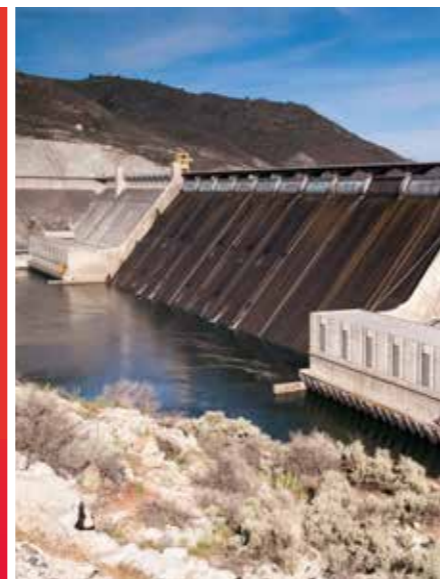

CENTER FOR WATER

Rishihood is about creating a social impact. Water is perhaps one of the most important dimensions that need human attention for a sustainable future. The Center for Water is a pan-India research and training initiative where we work with social sector organizations, government, and individuals to prepare humanity for the emerging water challenges.

“
But yield who will to their separation,
My object in living is to unite
My avocation and my vocation
As my two eyes make one in sight.
Only where love and need are one,
And the work is play for mortal stakes,
Is the deed ever really done
For heaven and the future's sakes.”

ROBERT FROST

GAP YEAR PROGRAMME

Rishihood's Gap Year Programme is a unique and innovative self-discovery programme to nurture a better orientation towards academic and work life. Students, after completing school, are provided with a year-long structured programme of exploration, leadership development, unlearning and learning. The programme targets to equip the students with the tools, skills, and habits for self-reliant adulthood.

CITY BRANDING

Every place has its own culture and a local flavor to it. To inspire cities and influencers to foster a sense of pride, we launched the City Branding project at Rishihood. The project draws from our academic resources and creates pilot initiatives for local area development. Such activities help the cities in economic development, social harmony, raising the living standards, tourism, and global appeal. We are working for the city of Sonipat and joining hands with other cities so that we can collaborate for city branding in different regions across the world.

“We, at Rishihood, strongly believe that the future of our country and society depends on educated people and strong leaders. Thus, all our programs are designed to prepare leaders who can make a positive impact. We value the internationalization & power of globalization but also hold our own culture with a lot of pride so that Rishihood students are equipped to manage & lead the challenges of the future.”

~ Prof. (Dr.) Nitesh Bansal | Registrar, Rishihood University
MPT, PhD

“Education should be student-driven and student-centered. Students should be clear about what they're learning and why they're learning. They should be empowered to ask – what do they want to do to bring a change? It is crucial to make students learn and acquire skills for the future, to find new ways of thinking and problem-solving. Creativity is the word that has become very popular in the past few decades and is recognized as the most essential future skill required in every aspect of life. Creatives and visionaries will be the masters of a Robot Workforce, who will feed them new knowledge, new creations, and new frontier.”

~ Prof. Manika Walia | Dean, School of Creativity
MSc

“Swami Vivekananda believed that education is the manifestation of perfection that already exists in human beings. Rishihood University is one such platform that helps people recognize their own strengths, take decisions and hone their skills which eventually would shape their personality, prepare them for life ahead and help them evolve and fulfill their dreams. I look forward to working with the next generation of educationists, researchers, thinkers, and leaders to make this world a peaceful, progressive, and wonderful place to live in.”

~ Prof. (Dr.) Reva Raina | Dean, School of Education
MSc-MEd, PhD

“Being an entrepreneur is a state of mind, an attitude to balancing risk and reward, innovation, decision-making, and action. Entrepreneurs master analytical tools and advanced digital techniques to impact a competitive family-owned business, or venture-capital start-ups and 'seed' investment for growth. Entrepreneurs need good communications, teamwork and leadership skills, and a sharp global awareness of threats and opportunities in business, society, and the natural environment.”

~ Prof. Michael J Barnes | Dean, School of Entrepreneurship
BSc (LSE), MBA (Stanford), DM Case Western Reserve

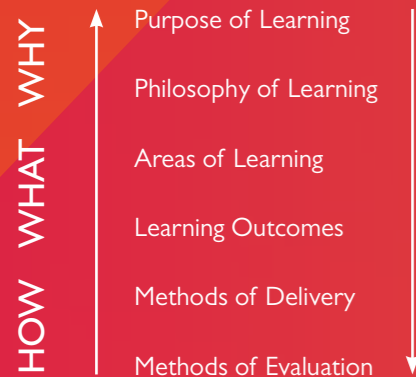

“Health professions encompass a wide range of diverse careers that contribute directly and indirectly to society. The covid-19 pandemic exposed the crucial role that healthcare professionals play to prevent diseases and promote health. Today, more than ever, healthcare is being delivered by interprofessional teams in clinics, hospitals, laboratories, the community, and more. Our holistic approach for training is to provide quality and efficient healthcare that will improve healthcare delivery. We are committed to lifelong learning, improved quality of life for all those we serve, and achievement of excellence and beyond.”

~ Prof. (Dr.) Anil Kaul | Dean, School of Healthcare
MBBS, BDS, MPH

learning FRAMEWORK

A SEAMLESS FLOW FOR INTEGRATED LEARNING

Our learning framework is a fluid design. Each level leads to the other. As an organization, our vision defines the purpose of learning. The institution brings that vision to education. This vision seeps into our schools to define the areas of learning. This then results in the learning outcomes. Based on the learning outcomes, we define the methods of delivery and evaluation.

Each level provides the guiding framework for the next. In turn, each level gives feedback to the previous. Thus we move from vision to execution and back, creating an integrated framework.

PHILOSOPHY

A purposeful education relies on a strong philosophy of learning. Here are the integral components of our learning philosophy:

Holistic Learning

Mental, physical, emotional and spiritual development come together for holistic learning

Experiential Learning

We learn effortlessly when we are immersed in the learning process

Applied Learning

Learning is meaningful when we can apply it to real-life problems

Interdisciplinary Learning

Learning is impactful and futuristic when it is interdisciplinary.

20:30:50

Our pedagogy is defined by the process of holistic and experiential learning where Rishihood University follows the principle of 20:30:50 rule. Under this system students spend only about 20 percent of their time in learning by hearing (lecture format), 30 percent of their time is spent on learning by seeing things (visual impact), and the remaining 50 percent of their time is spent on learning by doing (experiential). This is a unique experiment in higher education as in this method of learning all the senses of a human body are used in the learning process. Thus, it takes the students from a system of dependent memory to a system of independent thinking and problem-solving.

“Our courses are designed to enable you to go out in the world and make a difference.”

international collaborations FOR A BETTER FUTURE

Rishihood is collaborating with like-minded institutions globally to foster education, research and transfer of knowledge for a sustainable future. The university has signed MoUs with Ural State Agrarian University, Russia; Kyungdong University, South Korea; and Kaospilot School, Denmark to stimulate and facilitate mutually beneficial programs and to contribute to increased international cooperation in teaching, learning & research.

Exchange of Learnings & Research

life at RISHIHOOD

Rishihood University has developed its infrastructure keeping in mind the needs of its students and faculty. It allows the students to discover and create their own Rishihood with love, compassion, curiosity and enthusiasm. In other words, it is yours to create. Rishihood University provides a vibrant range of cultural, recreational and social activities for the students. With so many choices, students can learn new skills or engage in sports, discover talents which they never knew they had and make friendships that will create memories for a lifetime.

“A healthy social life is a massive part of being a student. Our campus is designed to make sure you get the most from your time at Rishihood, combining great facilities with a stunning location.”

CLASSROOMS, LABS & STUDIOS

Rishihood means “experiential learning”.

At Rishihood University you will experience a whole new world of academic excellence with state of the art modern and air-conditioned classrooms and latest technological back-up. Our classrooms naturally trigger a progressive learning experience for the students with the best possible teaching facilities under the supervision of the learned and experienced faculties.

Our labs and studios are designed very judiciously to help our students and faculty explore the real-world. Learning by doing is one of the integral parts of our teaching methodology. To facilitate the best of the outcome, our labs and studios are well equipped with the latest teaching tools.

KNOWLEDGE RESOURCE CENTER (LIBRARY)

Rishihood is about diving deep in search of knowledge.

Rishihood University library has been designed keeping in mind the international standards which create a very conducive environment for research and learning. It provides access to high-speed Wi-Fi and other means of digital communication. Qualified staff is available to support the needs of the students, faculty and the staff.

Our large collection of books and journals, including e-books and e-journals together with printed collections, enables everyone to have extensive access to the resources that you need for your assignments, reports, and other academic content.

AUDITORIUM & SEMINAR HALLS

Rishihood is a stage you can't miss.

The campus has a fully equipped 400 seater air-conditioned auditorium and three 120 seater seminar halls which provide a substantial space to explore, study, interact, enjoy academic and non-academic events.

It has state of the art audiovisual facility to hold convocation, national-international seminars, and other activities. Seminar halls at the campus are places to provide a level of interactivity that other places and traditional methods of communication fail to do. They are aesthetically designed where all the important workshops and seminars are held. The conference halls are built to host several dignitaries to share their valuable insights with our students and faculty members.

CAMPUS HOUSING

Rishihood is a 'Home Away from Home'.

Living on campus means living among friends, being close to classes, getting access to helpful resources, and feeling connected to the University. One of the best ways to experience university life is through Student Housing. Rishihood gives you a lifetime opportunity to stay on campus, close to your mentors and

make networks to cherish for life and develop yourself as an independent and responsible person.

Our rooms are comfortable and secure, allowing you to focus on your studies and enjoy everything that Rishihood has to offer. Hostel rooms are designed for double occupancy with central air-conditioning and all safety and fire equipment in place.

“Living on Campus means that you can make friends even before classes begin.”

DINING AND MEAL SERVICES

A key feature of our campus is its organic farm and associated dining services. Our dining facilities are designed such that the students enjoy delicious and healthy meals whether it is breakfast, lunch, evening snacks or dinner. The dining space is not just a place to eat but also to build life-long friendships and have informal conversations with the teachers.

Student Mess Committee is involved in the menu planning process and the quality control of the food that is served to students, faculty, and staff. Normally the menu can be changed from week to week depending on the type of food students would like to eat. There are special places designated for students to celebrate special events such as birthday, festivals or just to sit back and relax with various types of music.

HEALTH & WELLNESS

Rishihood is a family that cares.

Rishihood provides a safe and healthy environment so that we can focus on learning and innovation. Health and wellness are given utmost priority and an infirmary with a 24x7 doctor-on-call facility is available on campus for the students. There are qualified staff members with proper first aid training

who are there to ensure first aid treatment at the earliest and shifting to a hospital if and when necessary.

ARTS & CULTURE

Rishihood is about being joyfully creative.

Art and culture are a part of the life of a student at Rishihood. Photography, painting, music, dance, theatre, and other areas of performing and creative art are encouraged on the campus. The University plans to have its own band both for Western Music and for Indian Music and the selection for this will be based on auditions that will be conducted. Exhibitions depicting the Art and Culture of India will be a regular feature of campus life. Creativity is our culture.

“Outside of your studies, there's a whole world of new friends and exciting activities to immerse yourself in, at Rishihood University. From joining a society, or taking up a new sport or stepping up to represent Sports at the National level, there's a lot to keep you busy.”

SPORTS & ATHLETICS

Rishihood is finesse for sports enthusiasts. Physical fitness is a key component of life on the campus and thus there is a heavy emphasis on sports and athletics. As a student, you will have access to a wide range of sports facilities such as cricket, football, basketball, tennis, badminton, and table tennis. You will also have the opportunity to become part of the University's teams and participate in inter-college or inter-university competitions. The University has a well-established and equipped sports complex with a swimming pool and other indoor sports facilities.

CENTRE FOR STUDENT ACHIEVEMENT, RESOURCES, AND ENRICHMENT (CARE)

Let us help you be yourself and train you for your future.

CARE is a specially designed department at Rishihood University that is committed to student achievement, success, and empowerment so as to ensure that no student is left behind from the forces of change taking place in India and the world. CARE believes that we cannot use 20th-century solutions to solve 21st-century problems and thus, believes in taking all students on a journey of self-discovery and transformation to achieve success in what they do. CARE believes in the philosophy of holistic development and thus, has designed a number of areas in which it works with students. The areas in which CARE works with students are as mentioned below:

- Advancing to higher studies in India or Abroad
- Industry based certifications
- Academic support for students.
- Personality Development
- Career Advice and placement support
- Supervised work experience (Corporate Training)
- Corporate Skill Development

CARE has a number of programmes for each of these areas and they are supported by experts coming from various backgrounds. So if you have problems in communicating, are shy, have anger problem, or don't know how to write your term paper or report, don't know how to write your CV, or are concerned about your training and placement, a member of CARE is always there to support you, help you, and to ensure that they take you in the right direction.

At Rishihood we want you to develop your own ideas and identity so that when you leave you are a critical and creative thinker, ready for a changing world and job market. *(More details are available on our website rishihood.edu.in)*

As a student of Rishihood University always remember we CARE for you.

life at RISHIHOOD

living in Sonipat, Delhi-NCR

EDUCATION HUB

Sonipat has emerged as a global education hub with world-class institutions in and around the city. This thriving ecosystem is headed towards becoming an eminent fountainhead for knowledge and innovation.

LIFE & CULTURE

Living in a vibrant city, located in a more vibrant state - Haryana, will just add to you learning experience. The city merges into the metropolis of Delhi, and has a great culture to experience.

SHOPPING & LEISURE

While the University Store will be sufficient for your daily shopping needs, the markets of Sonipat are not to be missed. Lively and illuminated, you will find a true new home in Sonipat. Also nearby are shopping malls & multiplexes for you to enjoy.

HIGH QUALITY OF LIFE

A beautifully planned city, with enough green spaces and warm people, Sonipat is city you will fall in love with. The city has excellent residential areas, education and healthcare facilities, hotels and eateries, and markets to serve all your needs.

INDUSTRY HUB

The National Capital Region is one of Asia's leading industry hubs. This gives you enhanced opportunities, diverse career options, a huge network of leaders and a great market to explore.

PEACEFUL & HEALTHY LIVING

Sonipat is relaxed town with all modern amenities. Away from the metropolitan rush, Sonipat offers a peaceful life with enough time to focus on yourself. The city is known as a sports hub and has produced several national and international athletes.

DELHI

YOUR GATEWAY TO THE WORLD
Delhi is one of the world's oldest cities and a true gateway to India and the world outside. A hub for industry, politics, education and creativity, Delhi will just inspire you to connect to the world of ideas.

WELL CONNECTED

Located close to Delhi, it has excellent connectivity to the rest of the world through road, rail, and air. Taking your ideas to the outside world and engage with the global community is just a step away.

scholarship & financial aid

ACADEMIC YEAR 2021 - 2022

MERIT BASED – AT THE TIME OF ADMISSION:

(Based on the percentage in qualifying exam with following slabs)

FOR UG PROGRAMMES:

| | |
|---|------|
| 93% and above in 12th of CBSE or equivalent examination | 100% |
| Between 88% to 92.99% in 12th of CBSE or equivalent examination | 50% |
| Between 80% to 87.99% in 12th of CBSE or equivalent examination | 25% |

FOR PG PROGRAMMES:

| | |
|------------------|------|
| 80% in UG degree | 100% |
| 75% in UG degree | 50% |
| 70% in UG degree | 25% |

OPEN FINANCIAL AID:

The university also has a limited number of open financial aid up to a maximum of 25% that are available to the students at the undergraduate and postgraduate levels, who are not eligible for the merit-based scholarships but demonstrate a financial need.

All scholarships/Financial Aid/Fee Concessions are on the tuition fee only. Students are required to apply along with the required documents and will be awarded based on the verification of information provided & approval of the scholarship committee of Rishihood University. Haryana domicile students are eligible for fee concessions as per the government regulations. For the continuation of scholarship during the program, students should maintain a clean discipline & attendance record with an AGPA of 3 for the continuation of merit-based scholarships and AGPA of 2.5 for need-based financial aid.

admission PROCESS

WHAT DO WE LOOK FOR ?

We are looking for thoughtful, brave, curious and calculated risk-taking students who are as dedicated to making the future as we are.

Our students demonstrate:

- Intellectual ability to benefit from a rigorous programme
- Suitability for their chosen programme
- Motivation to study and excel in Academics
- The integrity of character and National pride

If you think you may not qualify, leave it for us to decide. Our selection committees carefully review the applications and the aim is to provide admission to those who will gain the maximum from being at Rishihood and will successfully complete their intended degree programme.

WE VALUE DIVERSITY

Rishihood welcomes students from all backgrounds, be it language, ethnicity or religion. We make sincere efforts to make the campus home for all incoming students. You will benefit from help even before you come to the campus, including advice on applying for a visa for international students and helping you to improve your English language skills. International Students' Orientation Programme will give extra information about things that are particularly relevant to international students, such as the India academic system, immigration information, cultural transition, and shopping and budgeting for life in India.

ELIGIBILITY FOR ADMISSIONS

Both Indian and international students require a minimum of 60% or 6 CGPA in grade 12 or equivalent from any recognized board of education. In most undergraduate programmes, we accept an equivalent of CBSE Level 12 certificate, such as an IB

Diploma, Cambridge Pre-U, Cambridge International GCE A-level, Pearson BTEC Level 3, etc. For postgraduate programmes, we require the students to have completed an enabling bachelor's degree with a minimum of 50% to apply for admission.

Note - Admission eligibility may differ from school to school and across programmes, please refer to individual school requirements on our website

SCHOLARSHIPS AND FINANCIAL AID POLICY

Rishihood University places great importance to the academic achievements of its students. The University is driven by the philosophy of need-blind admissions. In this process, our admissions are independent of the scholarship or financial aid requirements of prospective students. There are several kinds of financial support that are available to students. However, they may be competitive in nature so we advise students to apply timely in the prescribed format available on the website.

APPLICATION FOR ADMISSION

All applications are made online through our application system. Before applying, check the admission requirements on : www.rishihood.edu.in/admissions
