### Dear Guardians/Students,

With the onset of globalization and subsequent digitalization the contemporary knowledge, skills and essential competencies of student professionals have been redefined. What the corporate world, engineering and research organizations amongst others require of the current generation is radically different from what was required of Generation X, decades back. It is a critical challenge for Institutions such as Mangalmay, to constantly narrow or nullify this gap.

The management, key officials, faculty and staff constantly endeavour to provide direction and impetus to the cause of purposeful, quality conscious, contemporary and holistic education.

We have enriched our programs with numerous add-ons such as Google Certifications, Certifications from premier US and European Universities, Nodal Centre for Virtual Labs, Certificate Programs in Digital Marketing, Science Exhibitions, Bioinformatics, Opportunities and Facilities for Teachers' Development, Cloud Computing, Data Analytics, AUTOCAD, Case study workshops, Engineering Innovations workshops, Digital & Automated Library with e-books and NPTEL inter-alia. Student driven platforms for academic, sports and extracurricular activities are provided for and actively encouraged. We are committed to a multi-faceted quest for excellence and our ethos underlines the systematic carving of aspiring young minds.

We look forward to welcoming you to the Mangalmay world of premier education, career, and talent.
