

Sunstone
Eduversity

India's Only B-School

THAT INVESTS IN YOU

WE TAKE **100% RESPONSIBILITY**
OF YOUR CAREER

Vision

To be globally recognized as the pioneers in creating industry-ready professionals, who will suffice the demand and meet the dynamic expectations of the business world.

Mission

To continuously upgrade our teaching methodology and deliver quality education leveraging the latest technology which will help the students achieve corporate excellence.

To equip the students with relevant industry-oriented knowledge and skills which will make them proficient in contributing to an organization's success right from the beginning.

Message from the Director

“Accountable for your career and turning you into an industry-ready professional”

It gives me immense pleasure to introduce you to India's only Pay-after-Placement postgraduate management programs, where we make our students industry-ready and take complete responsibility of their career. At Sunstone, we place our students in a job first and then charge the course fee. By working on Pay-after-Placement framework, we aim to share their financial burden and mitigate the risk associated with the financial investment they make in gaining the postgraduate management education.

Throughout my corporate journey, I observed that management professionals and graduates lack significant skills and job readiness due to a wide gap between academia and industry requirements. With the growing awareness about the complexity of the modern business, the demand for management graduates, with a high level of domain knowledge and core competencies, was the need of the hour. With an intent to make students industry-ready, Sunstone Eduversity was launched to successfully align the management education with the rapidly growing industry.

Right from its inception in 2011, Sunstone Eduversity has disrupted the higher management education space in India with its Pay-after-Placement industry accorded programs. The best-in-league faculty and business world leaders deliver the course focussing on student-centric learning and inculcating in them the strong analytical, logical and decision-making skills. The program curriculum is remodelled at regular intervals to make it more relevant and meet the industry expectations.

The program is challenging that will impel the students to learn the fundamentals of management and specialize in the field of their choice. During our 15-month classroom learning and 9-month paid internship, the students develop core management and technical skills and get ample corporate exposure needed to excel in the global industry.

Our great working relationship and association with distinguished corporates and industry veterans help us train the students with the company-specific skills which makes them competent to take on their job responsibilities immediately on joining. This way, the students gain the confidence to take on the everyday work challenges and add value to the organizations they join.

I hereby invite all the management aspirants to join Sunstone Eduversity to accelerate their career.

Dr. Atul Sharma
Academic Director
Sunstone Eduversity

ABOUT US

Sunstone Eduversity was established in 2011 with a vision to bring about a paradigm shift in the Indian higher management education by working on Pay-after-Placement concept, where we take the course fee only after our students get placed in a well-paid job. Our strength lies in developing intellectuals through our innovative technology-led student-oriented teaching which is strongly backed-up by industry linkages having experience in cross-cultural management areas.

We tie-up with various colleges and management institutes to provide our students with state-of-the-art infrastructure, superior amenities and an excellent learning environment. At our campuses, we provide an all-round education, layered between academics and co-curricular activities. We are highly focussed on creating an ethical and knowledge-centric culture that values outstanding academic excellence and training.

Our students are well accepted in the industry and this is reflected in a large number of companies which have been visiting our campuses for placements in the past years. All of our alumni have done extremely well, with a lot many in top management and leadership roles across various industries.

INDUSTRY INTEGRATED MANAGEMENT PROGRAMS

career accountability & 100% placement

Curriculum delivered
through technology-enabled pedagogy

Specializations designed to develop
Industry-ready Professionals

Dual specializations offered
to gain niche skills

Focused on making you
a competent corporate professional

***“Transform Yourself from
Dreamer to Achiever”***

Sunstone Eduversity recognized the need for professional managers who can thrive on virtues of discipline, sincerity, regularity and academic excellence. It partners with several colleges and institutes to deliver UGC and AICTE approved postgraduate management programs, designed to impart fundamentals of management by leveraging modern-day technology.

The two year, full-time management programs have industry-oriented curriculum which is taught in an interactive environment. The curriculum of the programs is remodelled at regular intervals to make it more relevant and to meet the industry expectations. These programs equip the students with the requisite expertise to tackle the everyday business problems and build competencies needed to transform their career.

WHY SUNSTONE?

Learn as per Industry Expectations

Sunstone works very closely with industry and actively seeks the participation of corporate leaders in designing the program curriculum. This also helps us to keep our course content relevant and aligned with the industry expectations. We offer a wide range of electives across different management fields which allows the students to gain in-depth knowledge in their areas of interest.

Pay-after-Placement

Sunstone Eduversity offers India's only 'Pay-after-Placement' postgraduate management program, where we first place our students in a well-paying job and then charge the course fee, equal to 10 times of their monthly salary. This way, we share the students' financial burden and give them an opportunity to pay the course fee on their own.

Best ROI Program

The return against your financial investment in this program is best and favorable. With a minimal investment at the time of admission and earning a significant amount of stipend during the 9-month paid internship, it becomes India's only management program offering a 100-percent plus Return on Investment (ROI).

Star Faculty

Faculty at Sunstone is an excellent blend of industry experts, top-level management personalities of renowned companies and academicians having rich experience. They equip the students with much-needed management skills and mould them to succeed at the global stage.

Deep Industry Connect

Sunstone acts as an interface between the students and the business world. Interactive sessions are held where prominent experts and heads of esteemed companies are invited to share their journey and industry experiences. Our students often get opportunities to get hands-on corporate experience and work on live projects due to these industry linkages.

State-of-the-art Curriculum Delivery

Our specialized academic programs are delivered by experienced faculty and industry leaders through tech-enabled classrooms across all the campuses. Technology enables us to maintain uniformity in the classroom training across all locations and students get to learn from the best faculty and thought leaders available for the subject around the globe.

Technology-led Personalized Micro-assessment

The students' academic performance and skill development is regularly assessed at Sunstone. Each of the students is personally and systematically evaluated leveraging technology via Examinations at the end of every trimester, Class Tests, Viva, Quizzes, Case Discussions, Presentations, Assignments and Projects etc.

Personality Development

Sunstone focuses on ingraining certain key values and ethics in the students along with honing their soft skills, enhancing confidence, overall grooming and personality development. Various sessions are held on business etiquettes, negotiation skills, leadership, teamwork and effective communication for their evolvement.

PAY AFTER PLACEMENT

Sunstone Eduversity has pioneered a new concept concerning the fee structure of the course called 'Pay-after-Placement'. We take complete accountability of our students career and invest in their future by working on Pay-after-Placement. We share their financial burden and mitigate the financial risk by charging the course fee only after they are placed in a well-paid job.

We have immense confidence in our faculty, pedagogy, and our deep industry connect that helps us groom our students to be industry-ready. Sunstone Eduversity aspires to provide its students with the most relevant and contemporary management education that is in sync with the dynamic industry requirements. This way, they are easily absorbed and can contribute to an organization's success from the very beginning.

Benefits of Pay after Placement

Takes Complete Responsibility of your Career

Maximizes the Return on Investment (ROI)

Makes us Accountable for your Career Growth

Makes you Financially Independent

Reduces the Financial Risk

Rahul Kumar (2016 -18)
Placed at Godfrey Phillips

PLACEMENTS

The real proof of the quality management education delivered by Sunstone and its effectiveness lies in the acceptance of its students in the industry. The consistent and stellar placement record of Sunstone Eduversity is a result of the extraordinary exposure and experience that students get in our classrooms. Due to our strong industry-aligned management courses, recruiters have always preferred hiring fresh talent from our campuses.

The placement scenario at Sunstone has been extremely positive with a lot of our students having pre-placement offers. Till date, we have had a 100% placement record for all batches and our students have been placed in reputed firms and companies across various domains, such as Banking, Consulting, KPOs, IT, Telecom, Media, Retail, Real Estate, FMCG, Logistics, Hospitality, Durables, Manufacturing & other sectors.

OUR PROMINENT RECRUITERS

Sairee Chahal
Founder & CEO, Sheroes

"Sunstone Eduversity is highly professional and exceeds our expectations in terms of understanding our requirements. The students we recruit are dependable and possess the requisite technical and management skills. I find positive energy and ideas flowing, the students give a fresh & analytical perspective towards the tasks entrusted on them."

Sharad Agrawal
Executive Vice President, Godfrey Phillips

"Every year, we recruit a substantial number of students from Sunstone Eduversity. These students demonstrate strong employability skills and passion to work with us. Another thing that impresses me is their problem-solving approach and confidence to handle the given responsibilities independently."

Gazal Kalra
Co-Founder, Rivigo

"Students who have joined us have shown great performance and as a result have got considerable growth within the company. It is not only their performance but also their attitude and behaviour which sets them apart. Now it has become customary for Rivigo to hire from Sunstone Eduversity every year as good candidates are always needed."

Dr. Shuchin Bajaj
Co-Founder, Cygnus Healthcare

"Visiting Sunstone campus is always a pleasure. The students are extremely enthusiastic, disciplined and professional. They perform exceedingly well in the tasks assigned to them. I credit Sunstone for instilling requisite industry skills in their students and making them competent enough to hit the ground running just when we recruit them."

COURSE CURRICULUM

“Comprehensive and Evolving constantly to meet Industry Needs”

Our industry-focussed and constantly updated postgraduate management curriculum coupled with dual area specializations ensures that our students are multi-skilled, job ready and well equipped to face any industry challenges. The program curriculum is formulated in assistance with industry leaders and academicians by integrating the latest and best management principles, practices, theories and standards with the industry requirements.

Sunstone Eduversity follows a trimester-based program structure spread over a period of two academic years. The detailed course curriculum is reviewed and upgraded at regular intervals to meet the dynamic needs of the business world.

CORPORATE ADVISORY

“Develop corporate professionals through continuous innovative pedagogy”

The team of corporate advisors at Sunstone Eduversity have diverse global market knowledge combined with specialist technical experience. They guide and assist in the designing of program structure and the course content. These advisors offer the right mix of practical, commercial and functional experience to the academics team to ensure that the program curriculum stays in sync with the ever-changing industry requirements.

By virtue of their vast experience in various sectors, these advisors are able to visualize the skill gap existing in the students and formulate the program curriculum accordingly, focussed on imparting industry-accorded quality management education utilizing the latest technology.

ALUMNI SPEAK

The truest worth of Sunstone can only be gauged by the success, significant contributions made and heights attained by its Alumni. Our students have made us proud time and again by not only creating a niche for themselves in the corporate world but also by serving as our brand ambassadors in the industry. The current and prospective students get regular guidance and are benefited by being well-connected with the Alumni.

Mahima Gaur (2014 -16)
Placed at ShopClues

“I credit Sunstone Eduversity for my placement at ShopClues, job promotions and other corporate achievements. To tackle day-to-day challenges and survive in this dynamic industry, I utilize the industry-integrated skills, business acumen, problem-solving attitude and work-life balance learned during the program.”

Ashish Sanwal (2014 -16)
Placed at Ceasefire Industries

“I utilize many of my classroom learnings in my everyday work life. My managerial proficiency is valued and acknowledged by the employers, both financially and professionally. I simply couldn't ask for more than what I gained from the Sunstone management program.”

Atanu Das (2016 -18)

Placed at Fusion BPO Services

“Initially, I was skeptical about Pay-after-Placement as it was new and unheard in India, but I took the leap of faith and joined Sunstone. Here, I not only became industry-ready but was able to independently finance my postgraduation by paying the course fee only after landing into a job at Fusion BPO Services.”

“At Sunstone, I was nurtured to be an efficient corporate professional. The distinctive pedagogy and hands-on-industry experience instilled in me the relevant skills, essential to fast-track my way up the corporate ladder. Also, I can't say enough about the ongoing support I still receive from the faculty and associated experts when I reach out to them for advice or opinion.”

Abhishek Paira (2014 -16)
Placed at Vogo Automotive

Sumit Satyendra (2016 -18)

Placed at Byju's

“Being a Sunstone student has been a rewarding experience. Thanks to Pay-after-Placement, the management course offered the best ROI and paid for itself within a few months after I landed a job. I deployed the equipped skills and learning from my course on day 1 of my job and still continue to do so.”

Sawmya Kanuganti (2016-18)

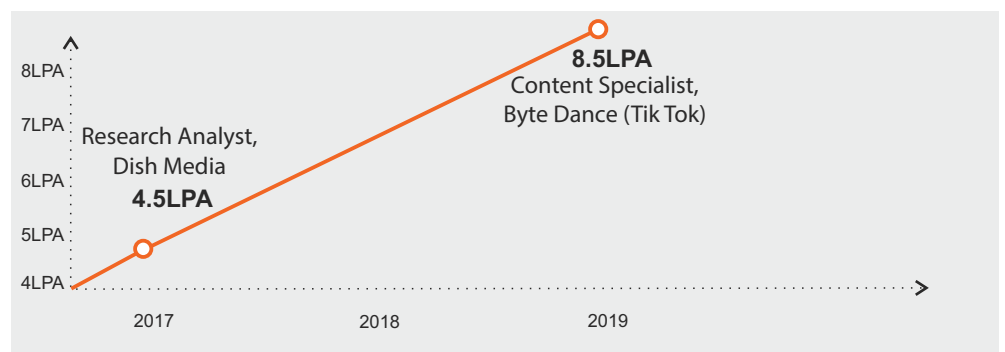

Placed at Zomato

“Joining Sunstone has been one of the best decisions that I ever made. It was instrumental in my successful career transition from an engineering graduate to a competent management consultant. The industry-synched education gained there still helps me in staying at the top of my game.”

Revanasiddayya Hiremath (2015 -17)
Placed at Byte Dance (Tik Tok)

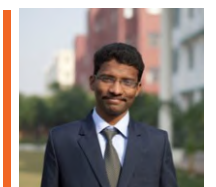

“Living by its motto, Sunstone literally made me industry-ready by equipping me with corporate excellence and skill set applicable to diverse career paths. I was taught industry-relevant business concepts supported by technology, which helped in accelerating my career.”

Sai Mahesh (2014 -16)

Placed at DHL

“Sunstone Eduversity was a fantastic experience during which I built a key network of friends and professionals. The management program not only helped me to tread on the right career path but it still continues to open opportunities both professionally and personally.”

ADMISSIONS

Boost your Career with the Best Management Program

We are inviting applications from students who are looking to leap forward in their intellectual and professional journey. Admission to our programs will be granted on the basis of your management entrance tests score/percentile, educational and professional background. We give credits to your achievements so far and your potential to take up a responsible and managerial leadership role in an organization.

Eligibility Criteria

- Graduates with minimum 50% marks (45% for SC/ST category) or an equivalent CGPA in any discipline from a recognized university.
- Students currently in their final year of graduation can also apply. In that case, the admission offered will be provisional.
- Students must have appeared in any one of the following entrance exams - CAT, MAT, XAT, CMAT, ATMA, NMAT, State Entrances.

Program Fee

Sunstone works on "Pay-after-Placement" concept, where the students are required to pay the tuition fee on completion of the course and after getting placed in a well-paid job.

Education Loan

The students can easily get a loan to pay the course fee once they get placed in a job. Sunstone Eduversity has tie-ups with various banks for the provision of an education loan facility. It also helps the students to complete all the formalities and pre-requisites of the bank.

Admission Process

1

Submitting Online Application

Visit our website (sunstone.edu.in) > Admissions> Application Form and carefully fill & submit the required details along with supporting documents.

2

Application Review

Your application will be reviewed by the admissions committee and the decision of its acceptance/rejection will be communicated to you over email or call.

3

Personal Interview

Based on your application acceptance, a personal interview shall be arranged. During the interview, your aptitude will be assessed, can be asked to list your reasons to enrol for the program, your understanding of what the program has to offer and your contributions to the program.

4

Admission Status

Sunstone admissions committee will communicate the decision regarding your admission over email. Successful candidates will be required to accept the admission offer and confirm their seat.

5

Acceptance of Offer and Registration

On selection, the students will have to register for the program by paying a nominal registration fee and submit all the required documents.
